Laboratory Testing for Identification of Tuberculosis

Join us for a Webinar on December 9

REGISTER NOW

Space is limited. Reserve your Webinar seat now at: https://www1.gotomeeting.com/register/659004328

This webinar will focus on Mycobacterial testing at the Massachusetts State Public Health Lab. We will follow a specimen from collection to result; walking through every process and procedure from AFB smear to identification and drug susceptibility testing. We will discuss proper specimen collection, packaging and shipping, and processing in the lab. We will talk about what constitutes a TB culture, and what do the results mean.

Title: Laboratory Testing for Identification of Tuberculosis
Date: Tuesday, December 9, 2014
Time: 11:30 AM - 12:30 PM EST

After registering you will receive a confirmation email containing information about joining the Webinar.
