

Massachusetts Department of Public Health

Operating Recreational Camps and Programs Phase IV

MAPHN Presentation
May 2021

Dave Williams

Senior Analyst, Community Sanitation Program

Kerry Wagner

Environmental Analyst, Community Sanitation Program

Presentation Overview

- Overview: What is Required this Summer
- General Training and Staffing Requirements
- Medical/ Healthcare Staffing and Policies
- COVID at Camp
- Residential/Overnight Camp Specific Requirements
- Social Distancing and Masking
- Cleaning, Food Service, and Transportation Policies
- Sports at Camp

Overview: What is required this summer?

Camps

- Self-assess and attest that camp meets the Health and Safety Standards for Reopening
- Inspected and licensed by LBOH for compliance with 105 CMR 430
 - May need to comply with 432, 435, 590 etc.
- Must provide attestation if requested to review practices in response to a complaint

Programs

- Self-assess and attest that program meets the Health and Safety Standards for Reopening
- Inspection not required to open
 - May need to comply with 432, 435, 590 etc.
- Must provide attestation if requested to review practices in response to a complaint

Activities During COVID-19

Certain activities must comply with sector specific safety standards

Swimming Pools

- ✓ [105 CMR 435 Minimum Standards for Swimming Pools](#)
- ✓ [EEA Safety Standards for Public and Semi-Public Swimming Pools](#)

Sports

- ✓ [EEA Workplace Safety and Reopening Standards for Businesses and Other Entities Providing Youth and Amateur Sporting Activities](#)

Beaches/Waterfront

- ✓ [105 CMR 445 Minimum Standards for Bathing Beaches](#)
- ✓ [EEA Safety Standards for Coastal and Inland Beaches](#)
- ✓ [105 CMR 432 Minimum requirements for personal flotation devices for minor children at municipal and recreational programs and camps](#)

Playgrounds

- ✓ [EEA Safety Standards for Playgrounds, Spray Decks and Outdoor Fitness Areas](#)

Boating

- ✓ [EEA Boating & Various Other Marine and Inland Waterway Related Activities](#)

Training Requirements

430 Requirements	COVID-19 Requirements
<p data-bbox="131 349 826 392">430.091 Orientation Requirements</p> <ul data-bbox="131 428 942 1249" style="list-style-type: none"><li data-bbox="131 428 942 471">• Necessary trainings for camp activities<li data-bbox="131 521 942 621">• Specialized trainings to meet requirements of all campers<li data-bbox="131 671 942 771">• Online Head Injury Safety Awareness training<li data-bbox="131 821 942 921">• Health Care Policy, discuss implementation<li data-bbox="131 949 357 992">• Fire Drill<li data-bbox="131 1035 724 1078">• Disaster / Emergency Plans<li data-bbox="131 1120 666 1163">• Lost Camper / Swimmer<li data-bbox="131 1206 569 1249">• Traffic Control Plan	<p data-bbox="998 349 1671 392">Plans and Training Requirements:</p> <ul data-bbox="998 406 1825 1220" style="list-style-type: none"><li data-bbox="998 406 1825 506">• <u>Plan to provide adequate social distancing and mask use;</u><li data-bbox="998 521 1304 564">• <u>Cleaning plan;</u><li data-bbox="998 592 1825 692">• <u>Isolation and discharge plan</u> for sick, symptomatic, and exposed children or staff;<li data-bbox="998 706 1825 806">• <u>Contingency plans</u> for handling ways the COVID-19 pandemic may affect operations;<li data-bbox="998 821 1825 863">• <u>Communication plan</u> with parents and staff;<li data-bbox="998 892 1825 992">• <u>Staffing plan</u> maintain required ratios and trained back-up staff;<li data-bbox="998 1006 1825 1106">• <u>Transportation plan</u> following health and safety protocols; and<li data-bbox="998 1120 1825 1220">• <u>Food service plan</u> to maintain safety and sanitation protocols while serving food

Parent/Guardian Information

430 Requirements	COVID-19 Requirements
<p>All parents/guardians provided:</p> <ul style="list-style-type: none">• Care for a mildly ill camper policy (430.159)• Administration of medication policy (430.159)• Emergency health care provisions (430.159)• Meningococcal Disease and Immunization (430.157)	<p>Policies for preventing and responding to infection and illness due to COVID-19</p> <ul style="list-style-type: none">• Provide information in the primary languages spoken by the parents, if possible <p>Develop a communication system by obtaining parent/guardian:</p> <ul style="list-style-type: none">• Home/work/cell phone number• Email
<p>At the <i>time of application</i>, all parents/guardians informed of their right to review (430.190):</p> <ul style="list-style-type: none">• Background check policy• Health care policy• Discipline policies• Procedures for filing a grievance	<ul style="list-style-type: none">• <i>Prior to first day of camp</i>, parents/guardians informed of pickup/drop off procedures

Staffing

430 Requirements	COVID-19 Requirements
<p>430.101 Required Ratios:</p> <ul style="list-style-type: none">• 1:10 campers 7 and older• 1:5 campers under 7• Line of sight/close proximity	<p>Cohort size:</p> <ul style="list-style-type: none">• Day: Max 25• Residential: Max 12• Cohort size <i>does not</i> include staff/volunteers• No mixing of cohorts except for staff supervising specialized activities and providing breaks
	<p>Out-of-state campers/staff:</p> <ul style="list-style-type: none">• Day: Exempt from Travel Advisory• Residential: Travel Advisory applies
<p>430.102 Camp Director Requirements: Qualified Director present at all times and appointed designee</p>	<p>COVID-19 Oversight: Designate 1 senior staff member responsible for responding to COVID-19 concerns</p>

	<p>PPE with isolated individuals:</p> <ul style="list-style-type: none"> Designated staff member to supervise Need PPE appropriate to care setting to enter isolation space

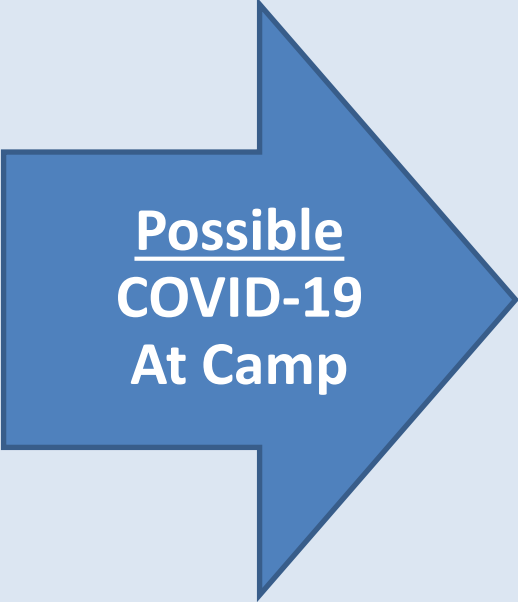

Healthcare Policies

430 Requirements	COVID-19 Requirements
<ul style="list-style-type: none">• Camp Health Care Policy (430.159)• Prescription Medication Administration Policy (430.160)<ul style="list-style-type: none">○ Storage○ Identify who is administering○ What medications are at camp• Epinephrine Auto-Injector Policy (430.160)<ul style="list-style-type: none">○ Self carry and administer or specially trained individual• Insulin Administration and Diabetic Plan Management Policy (430.160)	<p>Healthcare Policy:</p> <ul style="list-style-type: none">• Screening at camp• Testing at camp, if applicable• Plan for the isolation and discharge of symptomatic or exposed campers or staff• Transportation contingency plans if unable to be immediately picked up by private transportation• Criteria for seeking medical assistance• Immediately notifying LBOH• Notify CSP within 48 hours<ul style="list-style-type: none">• Injury Reporting Form

Communicable Disease Reporting

430 Requirements	COVID-19 Requirements
<p>Camp Operator Reporting (430.157):</p> <ul style="list-style-type: none">• Immediately report each case of communicable disease to LBOH and DPH• Immediately report each case of suspected food poisoning or usual prevalence of illness	<p>Reporting:</p> <ul style="list-style-type: none">• Immediately report positive cases to LBOH• Parents must report to designated staff person any close household contacts or positive cases of COVID-19<ul style="list-style-type: none">• Daily screening question
<p>Exclusion Policy (430.153):</p> <ul style="list-style-type: none">• Protecting all susceptible children if communicable disease present at camp	<p>Contact Tracing:</p> <ul style="list-style-type: none">• Monitor who staff and campers come into contact with throughout each day• Follow the direction of the LBOH or MDPH if identified as a close contact

What to Do if someone presents with COVID-19 symptoms

Possible COVID-19 At Camp

DAY Camps/Programs

- **Immediately** isolate from others
- Individual must be sent home as soon as possible or follow transportation contingency plan
- Always supervised until they can leave camp

RESIDENTIAL Camps/Programs

- **Immediately** isolate from others and contact parents
- May stay on-site **IF** promptly tested for COVID-19 **AND** sufficient space to maintain isolation
- If symptomatic individual also had a known exposure to COVID-19, they must be sent home to complete quarantine period even if they test negative

If it's NOT COVID-19: May return with a negative COVID-19 test, improvement in symptoms, and have been without a fever for at least 24 hrs without the use of fever reducing medications. If a provider makes an alternative diagnosis for the COVID-19-like symptoms, the individual may return to the camp/program based on the recommendations for that alternative diagnosis. (Unless in quarantine due to known exposure.)

What to Do if someone tests positive for COVID-19

Confirmed
COVID-19
At Camp

ALL Camps/Programs

- Positive individual cannot return until they have met criteria for discontinuing isolation
- Work with LBOH to identify close contacts and guidance on quarantine requirements
- Should notify all other parents/staff of positive case and steps taken to mitigate spread

RESIDENTIAL Camps/Programs

- **Continue isolation and sent home as soon as possible**
 - Activate contingency plan, if necessary
 - Camper/staff (if minor) must always be supervised by designated individual with proper PPE
 - Cannot participate in camp activities
- **Immediately notify LBOH**
- Camp staff should begin identifying and quarantining close contacts while maintaining confidentiality of positive case
- Notify CSP on Injury Reporting form within 48 hours

Cleaning if someone tests positive for COVID-19

[CDC Guidance on Cleaning & Disinfecting](#)

Confirmed
COVID-19
At Camp

Before cleaning and disinfecting

- Close off areas used by the person who is sick and do not use those areas until after cleaning and disinfecting.
- Wait as long as possible (at least several hours) before you clean and disinfect.

Cleaning & Disinfecting Guidelines are Based upon Time:

- **If less than 24 hours have passed** since the person who is sick or diagnosed with COVID-19 has been in the space, clean and disinfect the space.
- **If more than 24 hours have passed** since the person who is sick or diagnosed with COVID-19 has been in the space, cleaning is enough. You may choose to also disinfect depending on [certain conditions](#) or everyday practices required by your facility.
- **If more than 3 days have passed** since the person who is sick or diagnosed with COVID-19 has been in the space, no additional cleaning (beyond regular cleaning practices) is needed.

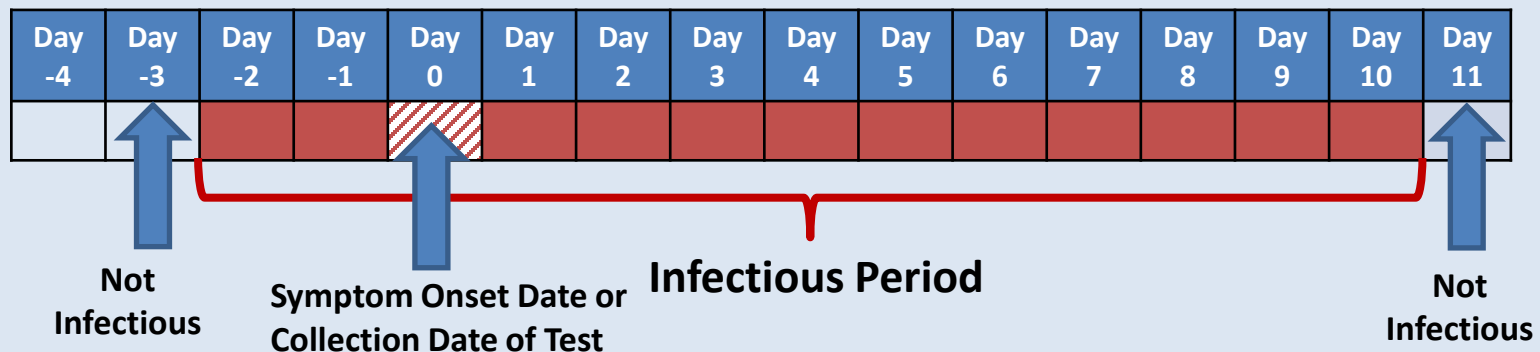

REMINDER: Plan for availability of alternative space during this time.

Identifying close contacts

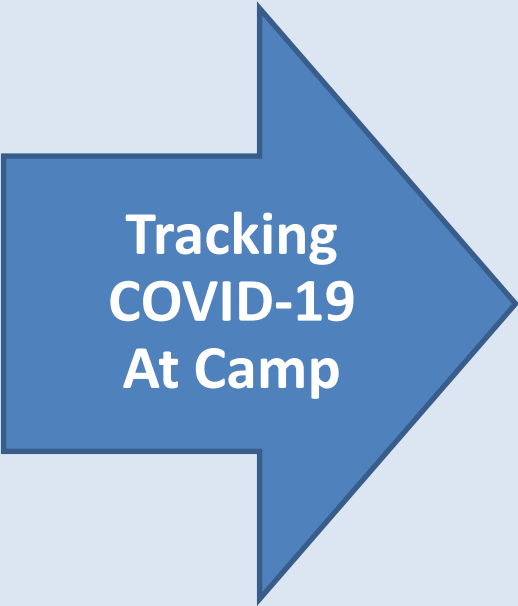

Anyone who has been within 6ft of someone who has tested positive for 15 minutes or more within a 24-hour period during that person's **infectious period**

Tracking COVID-19 At Camp

- **If COVID positive person is symptomatic:** Identify close contacts while individual was symptomatic and 2 days prior to symptoms beginning.
- **If COVID positive person is asymptomatic:** Identify close contacts from when COVID-19 test was taken and 2 days prior to the test.

What to Do if someone is identified as a close contact

Tracking COVID-19 At Camp

ALL Camps/Programs

- Individual cannot return until they have met criteria for discontinuing quarantine
- Healthcare workers (HCC or HCS), fully vaccinated individuals, or individuals who had COVID-19 in the last 90 days may continue to work if they do not develop symptoms

RESIDENTIAL Camps/Programs

- **Immediately notify and quarantine from others**
 - Cannot quarantine campers/staff together without maintaining 6ft of distance between everyone
 - Cannot participate in camp activities
 - Must be kept separate from positive or symptomatic individuals
- Contact parents and have individual sent home *as soon as possible*
 - Activate contingency plan, if necessary
 - Camper/staff (if minor) must always be supervised by designated individual with proper PPE

Isolation and Quarantine

Worker Type	Quarantine when..	Isolate when..	End isolation and return to work when..
<p>Health Care Consultant (HCC) Health Care Supervisor (HCS)</p>	<p><i>Best practice if exposed:</i> Quarantine at home when exposed to COVID-19 to prevent further transmission.</p> <ul style="list-style-type: none"> • May continue to work during their quarantine period to preserve critical camp functions. • Must remain asymptomatic. • Wear PPE appropriate to their duties and must wear a face covering/mask and self-monitor for symptoms. 	<p>You have tested positive for COVID-19</p> <p>OR</p> <p>You have symptoms of COVID-19</p>	<p><u>Symptomatic</u> At least 24 hours since:</p> <ul style="list-style-type: none"> • Resolution of fever without the use of fever-reducing medications; <u>and</u> • Improvement in symptoms; <u>and</u> • At least 10 days have passed since symptoms first appeared. <p><u>Asymptomatic</u> At least 10 days have passed since the first positive COVID-19 diagnostic test was taken, assuming symptoms did not subsequently develop.</p>
<p>All other Staff and Volunteers</p>	<p>Quarantine if you were exposed to COVID-19.*</p>		

*Fully vaccinated individuals or individuals who had COVID-19 in the last 90 days may continue to work if they do not develop symptoms.

Screening and Monitoring

Screening at drop off, parents *must*:

- Confirm child and any other household members are not experiencing COVID-19 symptoms and their child is not currently required to be in quarantine
- Provide written or electronic attestation regarding household contacts and that they have not provided their child with fever reducing medications

Screening at drop off, staff *must*:

- Assess each camper/staff for signs of illness
- Record health check responses and maintain on file

Throughout the day, staff *must*:

- Actively monitor campers for signs of illness
- Have a non-contact or temporal thermometer on-site
- Follow policies and procedures for isolation if someone is showing signs of illness
- Keep track of who individuals come into contact with throughout the day

Residential Camps – Testing

Prior to Arrival:

- Should self-quarantine for 10 days prior to camp and conduct daily screenings
- Must obtain a **PCR test*** within 72 hours of coming to camp

When arriving:

- Provide negative PCR test results*
- If unable to provide results, must quarantine from all other campers/staff

Arrival Testing*:

- Everyone tested upon arrival – PCR or BinaxNow test
- Must maintain modified group quarantine until results obtained for everyone in a cohort

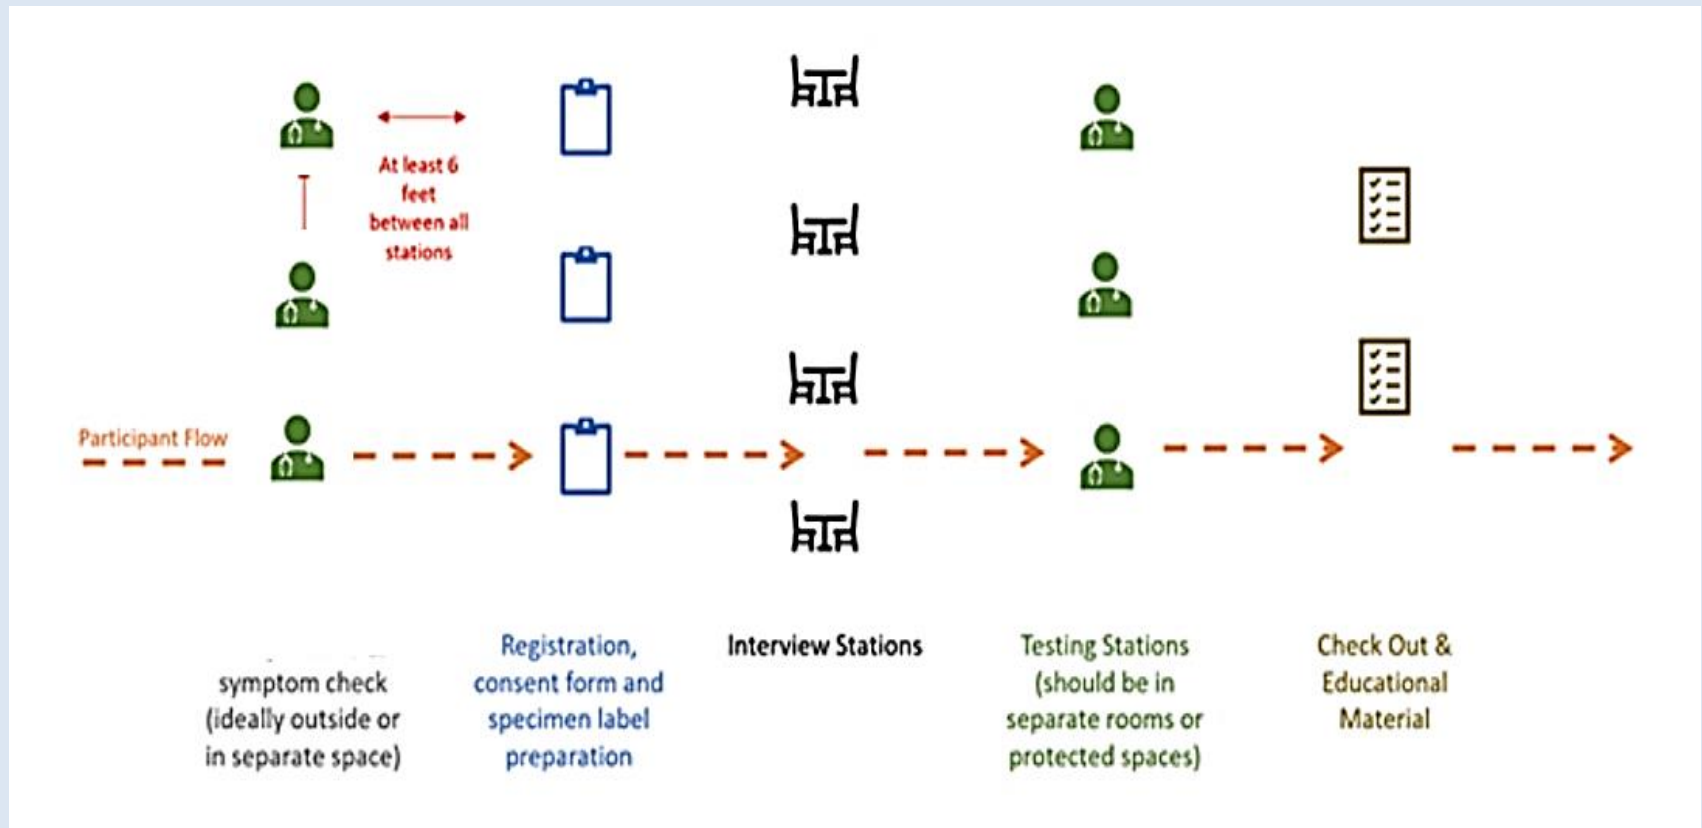

*If tested positive for COVID-19 within 90 days exempt from testing requirements

Individual Quarantine	Modified Group Quarantine
<ul style="list-style-type: none">• Always maintain 6ft of distance from everyone• Mask use required• Separate sleeping area and bathroom• Cannot participate in camp activities	<ul style="list-style-type: none">• Stay in smallest practical group size within cohort• Must socially distance and wear a mask within cohort• No interaction with other cohorts

Testing Guidance

- 1. Apply for [CLIA Waiver](#) if you do not already have one**
 - Must complete sections I-IV and sections IX-X
 - Submit forms to: CLIALab@mass.gov
- 2. Obtain standing order for COVID-19 testing from Health Care Consultant (HCC)**
 - Model standing order will be available
- 3. Obtain sufficient PPE supply**
 - N95 mask or higher-level respirator
 - a surgical mask can be used only if an N95 is not available
 - Eye protection
 - Gloves
 - Gown, when collecting specimens
- 4. Train ALL staff members conducting testing**
 - Abbott BinaxNOW™ COVID-19 Ag Card Training Modules
 - Document COVID-19 testing training provided by HCC and staff demonstrate competency
- 5. Obtain Consent Forms – Parental permission required for all minors (campers and staff)**
 - Model forms will be available
- 6. Confirm ability to properly report ALL (positive and negative) test results in state system**
 - More details to follow

Testing Guidance

Residential/Overnight: Cohort Exception

- Once arrival testing requirements are met, mask use and distancing within a cohort is not required unless:
 - *There is a possibility* of interacting with others outside of their cohort
 - Camper/staff showing symptoms of COVID-19
- **Staff and campers should remain on-site for duration of session**
- If a staff member within a cohort go off-site (for reasons other than field trips or medical care), entire cohort must wear mask and socially distance until that individual can meet arrival testing requirements
- If staff that do not directly supervise children go offsite, they must:
 - Re-screened each day
 - Must always remain socially distanced from everyone at camp (at least 6ft)
 - Always wear a mask

Residential/Overnight – Sleeping Arrangements

430 Requirements	COVID-19 Requirements
<ul style="list-style-type: none">• <u>Single bed</u>: min 40 ft² per person• <u>Bunk bed</u>: min 35 ft² per person• <u>Persons requiring special equipment</u>: 50ft² per person (430.458)• Closets and bathrooms not included in square footage calculations	<ul style="list-style-type: none">• Cohorts based off sleeping arrangements• Cabin access only for individuals who reside in cabin
<ul style="list-style-type: none">• <u>Single bed</u>: min 3 ft between beds• <u>Bunk bed</u>: 4.5 ft between beds• 6ft between heads of sleepers (430.470)• No sleeping in food prep, service, or storage areas (430.471)	<ul style="list-style-type: none">• Encouraged to provide 6ft between beds
<ul style="list-style-type: none">• Certificate of inspection (430.451)• Smoke and CO detectors (430.216)	<ul style="list-style-type: none">• Increase ventilation to cabins whenever possible

Social Distancing

Day Camps/Programs

- 6 ft of distance maintained within and between cohorts

Residential Camps/Programs

- 6 ft of distance maintained between cohorts and staff not in the cohort
- 6 ft of distance maintained within the cohort *unless* requirements in “Cohort Exception”, are met

Other Distancing Requirements:

- Provide activities that promote social distancing, reduce close contact, and minimize equipment sharing
 - Outside whenever possible
- Stagger use of communal spaces
 - Rearrange rooms/areas to promote distancing
- Ensure belongings are stored in a manner to prevent groups from congregating
- Stagger pick-up and drop off times
- Signage/markings to encourage proper distancing

Social Distancing: Emergency Shelter

430.457 Shelters at Day Camp:

- Shelter sufficiently large enough to house and provide for on-going camp activities
- Certificate of Inspection
- Roof weather/watertight
- Structural and interior maintenance

Distancing in Temporary Emergency Shelter:

- 6ft of distance between individuals in temporary emergency shelter locations
 - Mask use required
- May utilize pavilion/tents to meet requirements

If unable to provide sufficient space:

- Cancel/modify camp hours to avoid inclement weather

Face Coverings

Mask use required in accordance with Governor's most recent [Order on Face Coverings in Public](#)

- Inside: Must wear a face covering or mask unless an exception applies
- Outside: Must wear face covering if unable to maintain 6ft distance from others

Exceptions to wearing a mask:

- If under 2 years old
- Medical or disabling condition
- Impede communication (ex: hearing impairment)
- Other sector specific guidance permits removal of mask (ex: eating, swimming)
- Residential camps *within* a cohort if requirements met in “Cohort Exception”

Face Coverings/Mask Policies:

- Routinely washed or replaced
- Provided by camper/parent but camp must have sufficient supply to provide, if needed
- Mask breaks

Cleaning at Camp

- Intensify cleaning paying extra attention to frequently touched objects and surfaces
- Clean and disinfect:
 - Communal space(s) between uses
 - Shared and personal equipment
- Residential:
 - Clean and disinfect showers/bathrooms at least 2 times a day
 - Cabins and shared items cleaned/disinfected between sessions
 - Laundry services made available

Cleaning and Storage of Materials

430 Requirements	COVID-19 Requirements
<p>430.214 Storage of Hazardous Materials:</p> <p>Disinfectants or other hazardous chemicals:</p> <ul style="list-style-type: none">• Plainly marked• Stored in locked closet or compartment• Separate from food• Not accessible to campers	<p>Cleaning/Disinfecting Chemicals:</p> <ul style="list-style-type: none">• Accessible to staff in each area of camp• EPA registered disinfectants for use against COVID-19;• Bleach/water solutions freshly mixed every 24 hours; or• At least 70% isopropyl alcohol cleaning solution <p>Follow instructions and air dry completely</p> <ul style="list-style-type: none">• Gloves specific to cleaner and hand hygiene after use
	<p>Hand Sanitizer (60% alcohol):</p> <ul style="list-style-type: none">• Securely stored• Written parental permission for use• Used under supervision

Food Service

430 Requirements	COVID-19 Requirements
<p>430.320 Food Service:</p> <ul style="list-style-type: none">• Compliance with 105 CMR 590• Provide and maintain areas in a sanitary manner	<p>Food Service:</p> <ul style="list-style-type: none">• Safety Standards for Restaurants• <u>Use sanitizers approved for food contact surfaces</u>• Socially distance during meals• Maintain cleaning checklist
<p>430.335 Meals Provided From Home:</p> <ul style="list-style-type: none">• Stored properly• Method to provide lunch if camper arrives without one	<p>Meals:</p> <ul style="list-style-type: none">• Recommend meals brought from home or prepackaged• If unavoidable, staff must prep and serve meals• Limit food handling and prep• No family style meals or self-service• Lunch line style permitted if they can socially distance in line

Transportation

430 Requirements	COVID-19 Requirements
<p>When transporting campers:</p> <ul style="list-style-type: none">• Campers under 7 not transported longer than 1 hour non-stop (430.251)	<p>When transporting campers:</p> <ul style="list-style-type: none">• Screening of children prior to boarding• Maximize space between riders• Masks must be worn, if appropriate• Windows open, if able• Develop cleaning schedule and maintain cleaning checklist
<p>Bus Drivers and Monitors:</p> <ul style="list-style-type: none">• At Least 18 years old with 2+ years experience (430.252)• Current license for vehicle (430.252)• First Aid trained (if applicable) (430.252)• Must have 1 additional staff member as monitor (430.251)	<p>Drivers and Monitors:</p> <ul style="list-style-type: none">• Properly screened, cannot work when sick• Must wear mask• Try to maintain 6ft of distance from driver• Adequate cleaning and hand hygiene supplies <p>(see Reopening Transportation Guidance and Special Education Transportation Considerations)</p>

Additional Restrictions During Phase IV

- No visitors permitted
 - Does not include vendors, healthcare staff, LBOH/DPH, or accreditation members
- No new campers permitted mid-session for Residential Camps
- Orientation provided to all campers
- Limited transportation to surrounding areas where significant interaction with public is not expected
 - Must follow all applicable guidance while off-site and plan for how to isolate ill camper while off-site
 - Maintain cohorts to extent possible while traveling
 - Strongly discouraged for Residential camps
- Use of community pools, beaches, parks, and playgrounds permitted

Sports at Camp

- Comply with EEA standards and MIAA Sports Specific Guidance
 - MIAA guidance includes practice and competition requirements
 - Sports risk level determines level of play permitted
- Cohorts or smaller groups with cohort able to function as a “team”
 - Teams must stay consistent
 - Limited to playing against 1 team a day OR
 - 2 teams if games are back-to-back and sufficient space to separate teams during transition
- Shared fields/courts: Permitted if 6 ft of distance maintained between cohorts.
- Face coverings/masks required unless exception applies

Isolation & Quarantine Calculation Tools

Tools for Calculating Exposures & Quarantine in Programs (like Daycares, or workplaces)

- [PROGRAM COVID-19 Case Infectious Period Calculation Tool for Attendee & Staff Confirmed Cases](#)
 - Great for Childcare Programs or other settings such as Camps – calculating infectious period and possible exposures for a positive case.
- [PROGRAM COVID-19 Close Contact Quarantine Calculation Tool for Attendee & Staff Contacts](#)
 - Great for Childcare Programs or other settings such as Camps – calculating quarantine period options for contacts identified for quarantine.
- Many COVID-19 Case Investigation and Contact Tracing Tools are available at <http://www.maventrainingsite.com/maven-help/toc.html>
