Panelists: Representatives from five regional MAPHN chapters

Data from MAPHN Social Determinants of Health survey will be shared, informed by experiences within regional chapters. These examples will be used to explore how we transition to public health nurse-led Culture of Health in our communities. Barriers to accomplishing this will be identified and discussed.

The MAPHN Board will utilize this input to plan and provide support to MAPHN members in both addressing Social Determinants of Health and in creating a Culture of Health in Massachusetts.

3:15 pm *Silent Auction and Conference Door Prizes*

3:30 pm *Conference Adjourns*

Your conference evaluation and nursing CEUs will be emailed to the email address you used to register for the Conference. Thank you!
